The University of Messina is delighted to welcome you to our growing community!

The University of Messina was founded in 1548 and has an ancient tradition going back more than 500 years. Today, it is a particularly young university that is constantly projecting itself into the future.

Internationalization programs are at the centre of the UniMe Development Policy.

Today, the University welcomes students from 27 countries as well as numerous visiting professors and researchers.

This is a natural vocation for UniMe because of its location at the centre of the Mediterranean, facing the Strait of Messina, has always been a place of meeting and interaction between diverse cultures.
The UniMe Welcome Point provides new students with a service designed to inform and support in the registration procedures, general information on enrolment procedures and on all the student services and facilities offered by UniME.

Messina, a city of 240,000 inhabitants at the centre of the Mediterranean, facing the Strait of Messina, has always been a place of meeting and interaction between diverse cultures. Here hospitality is an important cultural value.

The union of these elements makes studying at the University of Messina a unique experience.

Facilities, services and an ample educational offering allow students to follow paths of excellence in a context where cultural enrichment and entertainment are assured.
