Specific entry requirements for qualifications awarded by non-Italian educational institutions

Important notice

The following document lists the education paperwork required to students holding an international academic qualification to apply for a degree programme at the University of Messina (UniME). Education documents to be uploaded have to be translated into English or Italian.

The database takes into consideration the peculiarities of the foreign education systems. Therefore, depending on the country where the academic qualification was awarded, **different documents and/or requirements** may need to be submitted for each application. The information provided **does not aim to be totally comprehensive** as the document reports only the countries from which UniME received the largest number of applications in the past academic years. Therefore, prospective students from other countries may also apply even if their country is not listed.

Eligibility to apply for a specific study programme is determined by the **applicant's previous educational background**, the **scientific domain to which the programme belongs** (as defined by the European Research Council – ERC), and the **final grade/GPA of the secondary school diploma or university degree**. In accordance with the UniME Teaching Regulations, The date of award of the qualification will also be assessed and applications may be rejected **if the qualification is deemed obsolete** in relation to the chosen study programme.

For certain countries and/or study programmes, a minimum grade/GPA threshold is established, below which admission to the programme will not be possible.

According to the European Research Council (ERC) domains, UniME **Degree programmes taught in English are grouped** as follow:

- **Physical Sciences and Engineering (PE):**
 - Bachelor's degree in: Data Analysis; Civil Engineering
 - Master's degree in: Data Science; Engineering in Computer Science; Civil Engineering (Curriculum in Sustainable Engineering for Water-related Risks); Geophysical Sciences for Seismic Risk; Physics: Material Physics and Devices
- **Life Sciences (LS):**
 - Bachelor's degree in: Marine Biology and Blue Biotechnologies
 - Single cycle degree in Medicine and Surgery
- **Social Sciences and Humanities (SH):**
 - Bachelor's degree in Political Sciences and International Relations; Business Management; Transnational and European Legal Studies
 - Master's degree in: Cognitive Sciences and Theory of Communication; Business Consulting and Management (Curriculum in International Management); Quantitative Methods for Economics and Finance (curriculum in Quantitative Methods for Finance)

For study programmes taught in English, applicants are required to provide proof of English language proficiency at B2 level (CEFR) through only one of the following internationally recognised certificates: **IELTS, Pearson, Cambridge, or TOEFL**. For study programmes taught in Italian, applicants must upload an International Italian Language Certificate (CEFR – B2 level) issued by a recognised institution in the language section of the application. More detailed information is available in the dedicated section on **language requirements**.

The decision on whether the qualification submitted complies with the entry requirements of the selected degree programme rests with the International Mobility Unit.
