Programme overview
This programme provides students with the knowledge and skills appropriate to careers in the banking, financial and corporate sectors. Graduates can work as financial investors, stock brokers, commercial banking and corporate finance.

The Vocational Master in Banking and Finance will enable students to acquire the knowledge necessary to professionally manage and advise on assets of any amount. The course is aimed at both professionals in the financial sector and graduates without experience wanting to work in: banking and financial markets; asset portfolio management; investment consultation.

After completing the course, students have the possibility to enter the second year of the Master’s degree programme in Economics & Finance.

Minimal entry requirements
Students should hold at least a three-year undergraduate degree in any subject.

Language requirements
B1 in the European Common Framework of Reference for Languages is required. Candidates who have earned a degree taught in English or come from countries whose official language is English do not need a certificate of English language competence.
Study programme
The course is structured in three terms.
First term (October-December): pre-courses in mathematics and statistics and English for business.

During the second term (January-July) students will attend 8 core courses:
1. Advanced mathematics for economics and finance
2. Econometrics for finance
3. Corporate finance
4. Investment management
5. Applied financial econometrics
6. Banking regulation
7. Macro-Finance
8. Asset and risk management
At the end of each module, students will sit a written examination.

Third term (August-September)
Students will prepare their final dissertation under the supervision of an academic staff member. In addition, they will be required to take an internship either in a bank or financial company or insurance company.

International opportunities
UniME students have the opportunity to participate in the Erasmus+ Mobility programme both for study and training. Calls are published on the site twice per year. Another opportunity for students is the UniME Funded programme “Students Around the World” (SAW) call for scholarships for study at the extra-European universities in the context of international cooperation agreements. For further information please visit our site.

Tuition fees
€2,500 payable in 5 instalments
